

**DSC PIPES**

**HOUSE OF PIPES AND TUBES SINCE 1968**

**DSC PIPES AND TUBES PVT LTD**

## ABOUT US

At DSC Pipes, our values and integrity are the foundation of our growth and progress.

We deliver reliable, efficient, safe, and sustainable industrial solutions tailored to meet the diverse needs of India's core industries.

From steel plants and oil refineries to mining units, cement factories, chemical manufacturers, shipbuilders, and major project contractors – we serve a wide industrial spectrum with a vast inventory of over 800 pipe variants across categories and sizes.

Our offerings include Seamless, ERW, Hydraulic, Galvanized, and fittings, along with boiler tubes, alloy and low-temperature tubes, steel products, and pipe fittings in compliance with global standards like ASTM, API, ISI, and DIN.

## OUR MISSION

To judge ourselves not by our profits, but by the trust and confidence of our customers express in doing business with us. We shall cherish and nurture this trust as we shall do for our growth in business.

# OUR VISION

To be the most preferred and trusted resource for the tube and pipe products that will go into building the support infrastructure and growth of India. We will enable this in an environment of trust, cooperation and mutual respect.

# OUR STRENGTH

As the leading steel pipe dealer in India, we deliver reliable steel pipe solutions trusted across multiple industries.

## Ready Stock

We maintain a large inventory of mild steel pipes and tubes — including Seamless, ERW, Hydraulic, large Dia pipes and Boiler Tubes — in a wide range of specifications such as ASTM, API, ISI, and DIN. We also stock Alloy steel, Carbon steel and Low Temperature tubes, with over 3,000 tonnes available at any given time.

## Pan India Network

With a strategic presence in Chennai, Bangalore, Mumbai, Delhi, and Ahmedabad, we ensure fast and reliable service across the country — true to our promise of "Anytime."

## Product Range

Our catalog includes over 800 varieties of pipes and related products, such as Seamless, ERW, Hydraulic, Galvanized, along with pipe fittings, boiler tubes, alloy and low-temperature tubes, and other steel products, all available in various grades and specifications.

## Competitive Pricing

We serve a diverse clientele — from multinational corporations and government bodies to semi-government organisations and small to mid-sized vendors. Our competitive pricing model ensures fair value while maintaining uncompromised quality and reliable service.

## Systems & Process

From quotation to purchase order to delivery, our process is seamless, transparent and customer-centric, ensuring every order is fulfilled with reliability and efficiency.

## Commitment to Quality

We inspect materials when received from manufacturers, and before dispatch, we ensure inspection by reputed Third-Party Inspectors (TPI) such as SGS, Bureau Veritas and others, supported by rigorous control measures throughout the supply chain. This ensures every order is fulfilled with the highest standards of reliability and efficiency.
